

CHANZÉL HAMMOND

Computer Science Student | Software Developer

869 Lucas Meyer St, Theresapark, Pretoria · 082 557 0856 · chanzelhammond@gmail.com · [LinkedIn](#)

PROFESSIONAL SUMMARY

Results-driven Bachelor of Computing student with a **72.4% academic average and 18 distinctions** across 27 subjects. Practical experience building applications in **C#, JavaScript, SQL Server, and HTML/CSS**, covering payment systems, record management tools, automated testing, and data-driven web apps. Brings strong problem-solving and communication skills from concurrent experience in high-performance sales, along with the discipline to hit targets under pressure. Seeking a 4th-year internship opportunity to apply and grow these technical skills in a professional engineering environment.

TECHNICAL SKILLS

Languages & Data

- C# Programming
- JavaScript
- HTML & CSS
- Transact-SQL & SQL Server

Tools & Practices

- Git & version control
- Software testing (xUnit, manual black/white-box)
- Software analysis & design
- Data visualization (Chart.js)

ACADEMIC PROJECTS

Cinema Management & Inventory System (PRG281)

- Engineered a high-concurrency payment and inventory system for Ster-Kinekor to manage surge demand and real-time sales reporting. *Tech: C#, SQL Server.* [GITHUB LINK.](#)

Hero Records Management System (PRG282)

- Developed a version-controlled Windows Forms application to automate trainee assessment tracking, rank calculations, and record management. *Tech: C#, Git.* [GITHUB LINK.](#)

EMS Dispatch Test Architecture (SWT281)

- Designed a structured test plan for emergency dispatch software using xUnit-based automated unit testing and manual black-box/white-box techniques. *Tech: xUnit, Manual Testing.* [GITHUB LINK.](#)

Interactive Fitness Tracking Web App (WPR281)

- Created a dynamic web application for workout logging and goal tracking, featuring real-time data visualization and gamified progress markers. *Tech: JavaScript, Chart.js.* [GITHUB LINK.](#)

PROFESSIONAL EXPERIENCE

Senior Setter (previously High-Ticket Sales Development Representative)

LearnITCamp · November 2025 – Present (Senior Setter since 21 April 2026)

- Generated over **R4.1 million (US\$250,000+)** in revenue, qualifying as Top Setter (January 2026) and earning promotion to Senior Setter (April 2026) — demonstrating strong communication, resilience, and target-driven execution.
- Served as the technical liaison between Network Engineering curricula and prospective students, translating complex technical concepts into clear, understandable terms.

EDUCATION

Bachelor of Computing (In Progress)

Belgium Campus iTVersity · 2024 – Current

- 72.4% combined academic average across 1st and 2nd year, with 18 distinctions out of 27 subjects.
- Relevant coursework: Programming 181/182/281/282, Database Development, Computer Architecture, Software Testing, Software Analysis & Design, Web Programming, Network Development, Information Systems.

National Senior Certificate (NSC), Bachelor's Degree Pass

Hoërskool DF Malan · 2020 – 2023 · School Leader (Prefect)
